

ONLINE WEBINAR

OVERVIEW OF HBV UPDATES

HEAR FROM THE EXPERTS

Home-based vendors, educators, and local health departments are invited to an hour-long webinar to learn more about an upcoming resource developed by the Indiana Department of Health in conjunction with Purdue University.

Participants will hear from regulators from the Indiana Department of Health and food safety experts from Purdue University about a recent study that investigated food safety of some common HBV products and a comprehensive handbook that was developed as a result of this study. Presenters will also share information about additional resources available to home-based vendors.

This webinar will be recorded for those who cannot attend. Registration is required. If you are in need of accommodations to attend this virtual program, please contact Tari Gary at 765-494-8271 or tgary@purdue.edu by Thursday, February 20.

FEBRUARY 21 • 1:30 PM-2:30 PM
